SUBJECT: Draft DOJ Views Letter on H.R. 1524 and
S. 1815: Conveying Agency Views to OMB

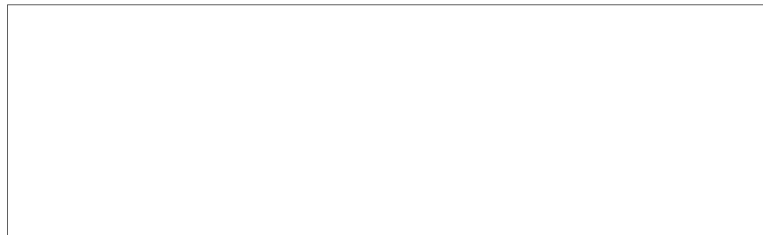

STAT

1. Unable to reach Brandon Blum, Legislative Assistant, Office of Management and Budget in his office on Friday, 31 January, I called him on 3 February and conveyed to him that the Agency had no objections, and indeed had strong support for the Department of Justice views letter on S. 1815 and H.R. 1524, bills to ban the private use of the polygraph.

2. Mr. Blum expected that the Justice letter would be sent out soon. He further understood that no action was planned on either bill until early March.

3. As we had expected, he told me that OMB will take no action to clear the views letter of the Director of Central Intelligence on S. 1815 until such time as the effect of the Justice letter was gauged.

3. We will monitor the effect of the Justice letter and keep you advised.
